

PA Commonwealth TAX CREDIT SEMINAR

This informational session will review the various tax credit programs the Commonwealth has available to support businesses across many industries, whether an early-stage company or a long-established business. If you are in the tech field, manufacturing, property development, agriculture, or a community-based non-profit, you could be leaving money on the table by not taking advantage of the tax credits available to you.

There's a tax credit available for nearly all projects!

Programs to be discussed:

- Research & Development (R&D)
- Neighborhood Assistance/Enterprise Zone (NAP/EZP)
- PA Historic Preservation (HPTC)
- Educational Improvement (EITC)
- Work Opportunity (WOTC)
- Keystone Innovation Zone (KIZ)
