

Warren Weaver is the *Principal Consultant* at **ENERGY, MATERIALS & SUSTAINABILITY CONSULTING LLC** (dba **EMS CONSULTING**). **EMS CONSULTING** offers a variety of services that collectively are related to Lean Manufacturing, continuous improvement, sustainability and regulatory compliance. These include Clean Manufacturing reviews, Materials Management evaluation, process mapping, Management System implementation, Energy Conservation, Environmental, Safety & Health consulting and OSHA training. **EMS CONSULTING** specializes in these services to improve their clients' financial, organizational, environmental, energy and social sustainability. In addition, these services improve clients' supply chain standing and supplier desirability.

Weaver is a management system auditor for ISO 14001 (environmental) and ISO 50001 (energy), which provides him with the credentials to help his clients implement and improve conformant management systems. Among the skills that Weaver utilizes on behalf of his clients are training, analysis, auditing, assessing, implementation and reporting.

Weaver has had a number of useful and helpful corporate connections, including Penn State University and is lucky to count among his clients – Alcan Cable, DEKRA Certification, GKN Aerospace, Knouse Foods, McClarin Plastics, RG Steel, the San Francisco Newspaper Agency, Textron Corporation, Volvo and Mack Truck. Weaver holds a BA degree in Chemistry and an MBA in finance.
