Free 90-Day Trial to Tooling U-SME

written by Lauri Moon | May 26, 2021

IMC has partnered with Tooling U-SME, an online training provider, to off-set the cost of bringing high-quality, customized, onsite training to

manufacturers. More than 500 unique online classes provide a broad offering of manufacturing training topics. Every online class has been reviewed and validated by industry experts.

Online training from IMC and Tooling U-SME offers a quick-start, progressive road map that allows manufacturers to build career paths for employees. This online training is intended to enhance your existing on-the-job training, to create a job progression plan and requires minimal preparation. It is efficient, effective training

that has been developed with input from manufacturing experts.

Online classes are self-paced, typically taking 60 minutes to complete. They are easily and conveniently accessible on desktops and laptops, and on tablets and phones with the Tooling U-SME app.

Thanks to CARES Act grant funds, companies can apply for up to five free subscriptions for a limited time! [Click here to learn more.](#)

2021 Virtual Future Careers Expo

written by Lauri Moon | May 26, 2021

This virtual event is presented by Central Pennsylvania Workforce Development Corporation (CPWDC), The Foundation of the Columbia Montour Chamber of Commerce and the PA CareerLink®.

The goal of this event is to introduce students to the variety of career pathways that exist for success in a future career. This will also be an opportunity to speak with local employers about careers with their organizations. Representatives will be present from Healthcare, Manufacturing, Law Enforcement, Military, Hospitality and more.

REGISTRATION TIPS- Once you have selected the purple “Register for event” button to the right, you will be directed to the event platform Booth Central. You will need to: 1) Select the red “Apply for a Booth button”. 2) Create an account through a simple process by clicking “Join now” found on the Hello screen. 3) Select “Join as Booth Host”. 4) Complete the form and select “Register”. 5) You will then complete the event registration form.

Please contact BusinessSolutions@CentralPA.org with any questions.

REGISTRATION DEADLINE: April 30, 2021

Auxiliary aids and services are available upon request to individuals with disabilities. Equal Opportunity Employer/ Program.

Spotlight on Supply Chain Management - A Program for Parents and Students

written by Lauri Moon | May 26, 2021

Supply Chain Management (SCM) is a complex, fast-changing and rapidly growing career field. Supply chain activities cover everything from product development, sourcing, production, and logistics, to the information systems needed to coordinate these activities.

The poster features a vertical title 'SPOTLIGHT ON SUPPLY CHAIN MANAGEMENT' on the left. The main image shows a factory floor with robotic arms and glowing data points. Text on the right includes: 'A PROGRAM FOR PARENTS AND STUDENTS', 'Keynote Speaker: Valerie Berube, Director of Supply Chain, Lycoming Engines', 'Benefits: Introduction to supply chain management, Breakfast opportunity with speakers, Q&A session, Complete registration packet', 'Specialty: MICHAEL WITKA, Director of Blackboard Planning, BAAI (LLC)', 'MRS L HARRIS, Director of Procurement, Lycoming Manufacturing Center', 'April 28, 2021, 8-7 p.m.', 'CLICK HERE TO REGISTER', and 'Use one of 10000 AirFuels to be given away during the event. More for parents to use.' Logos for L3HARRIS, LYCOMING, and FedEx are at the bottom. The footer includes 'Middlebury Institute of Best College' and 'Pennsylvania College of Technology A Penn State Affiliate'.

The concept of SCM is based on two core ideas:

1- The first is that practically every product that reaches an end user represents the cumulative effort of multiple organizations. These organizations are referred to collectively as the supply chain.

2- The second is that organizations that make up the supply chain are intricately linked together through a combination of physical and information flows.

This event will feature keynote speaker: Valerie Berube, Director of Supply Chain at Lycoming Engines.
