

Congressman Keller Visits IMC Client API

written by Lauri Moon | February 18, 2021

CEO Steve Kenepp, the Architectural Precast Innovations, Inc. Management Team of Dustin Klinger, Kim Freed, Dave Kmett and IMC met with Congressman Keller to talk about their business. They were able to include an interesting and informative tour of their operations, describing the significant workforce skills and knowledge, and the complex equipment and processes required to produce their high quality precast concrete forms and components.
