

# Create a Winning Safety Culture - A Road Map to go from Compliance to Commitment

written by Lauri Moon | February 16, 2023

A great safety culture is when effort goes beyond mere compliance and becomes commitment. Compliance is what we do because we have to. Commitment is what we do because we want to. Even with formal programs in place, manufacturers often struggle to get the outcomes they desire. Good leaders want to make an impact on their safety culture, but often aren't sure how to do it. They need a road map.

This program is designed for manufacturers who do not have a full-time safety manager, leaders who want to invigorate their existing programs, new managers responsible for safety, and companies who know they can do better with making safety a bigger part of their culture.
