

CyberSecurity for Manufacturers

written by Lauri Moon | January 23, 2019

Experts from the field of cybersecurity will provide an overview of topics including:

Phishing / Social Networking Threats / Ransomware / Cyber Insurance

Presenters:

Gary Manns has over 20 years experience in IT. His credentials include CISSP, ISO 27001, EC-Council Ethical Hacker and a EC-Council Forensic Investigator. With a B.S. in Information Technology and M.S. in Information Assurance, he is also a Ph.D. Candidate in cybersecurity. Manns specializes in helping small and medium-sized businesses with cyber security solutions.

FBI Supervisory Special Agent (SSA) **Michael J. McKeown** has been with the FBI for 21 years in the Philadelphia Division, Cyber Division and is currently assigned to the Pittsburgh Division. SSA McKeown holds an MBA from St. Joseph's University, a B.B.A. from Temple University and an M.S. in Information Technology from Carnegie Mellon University. SSA McKeown's Cyber Squad investigates cyber national security matters and cyber-criminal matters. The Pittsburgh Division has investigative responsibility for Western Pennsylvania and all of West Virginia.
