People-Centric leadership 101: Leadership techniques and behaviors to achieve enterprise excellence

The People-Centric Leadership 101 course was designed to provide leaders with a comprehensive overview of People-Centric Leadership and the framework required to build a culture which supports and inspires innovation and continuous improvement. In this interactive, multi-day course participants explore:

- The value and benefits of building a people-centric culture
- The underlying thinking which is critical to drive people-centric behavior
- Key leadership behaviors necessary to build a people-centric culture, including:
 - Honest and persistent self-reflection
 - Reflective listening and effective communication
 - Building relationships
 - Confident humility
 - Coaching for the development of people
 - Celebration and recognition
- The link between building a people-centric culture and the lean/CI tools
- Goal setting, feedback and alignment in a people-centric culture
