

Save Money Through Pollution Prevention / Energy Efficiency (P2/E2)

written by admin | April 13, 2016

PennTAP will discuss ways to save money through pollution prevention/energy efficiency (P2/E2) opportunities. If you are interested in alternative energy such as solar, biomass, and combined heat and power (CHP), these topics will be included as well. PennTAP will outline the benefits beyond reducing energy costs while increasing profits.
