Trainings will be held live throughout the region, at The Manufacturers' Association, your location or virtually!

This training program focuses on warehouse hazards. The program will help workers and employers recognize serious workplace hazards, including implementing injury prevention measures and understanding employee rights and employer responsibilities under the Occupational Safety and Health Act.

Warehouse Safety Topics:

- Warehouse Hazards Overview
- Pallet Stacking
- Robotic Palletizing systems/automation
- Material Handling & Storage
- Hazard Communication
- Musculoskeletal Injuries
- Electrical Safety
- Respiratory Safety & PPE

Through a training grant by the *Occupational Safety and Health Administration (OSHA)*, this training program is being offered at **no-cost**. The grant audience will

focus on employees in warehouse facilities and manufacturers, especially small businesses. Warehousing and manufacturers are also able to host training sessions at their own locations, contact Lauri Moon at laurim@imcpa.com for more information on this option.
