

Webinar: Energy Funding for Equipment Upgrades and Building Expansion

written by Lauri Moon | May 11, 2018

Opportunities to improve efficiency and reduce energy-related costs can often require investment in new equipment, technology, or controls. Identifying funding available to your business and providing estimates of project payback are key components. Often, many companies are eligible to apply for funding to assist with improvement efforts. Eligibility of sites and projects, however, should be considered carefully.

This PennTAP webinar will discuss funding opportunities for small to mid-sized companies throughout Pennsylvania.
