

IMC Partners with Fabtex to Host National Manufacturing Month Event

written by Lauri Moon | October 21, 2022

On Wednesday, October 19th, IMC and the Central PA Chamber partnered with Fabtex, Inc. to host an Inside Jobs Tour as part of a National Manufacturing Month celebration!

Two lucky attendees got to make their own pillows!

Eric Frantz, VP - Customer Commitment, and Will Greiner, Process Improvement Manager, led the tour through the facility near Danville, after providing some background on the 36-year-old company, that is “the performance pacesetter of the fabric fashion industry” in the hospitality and healthcare industries. They have aspirations to expand their market and product lines even further. Learn more at: <https://www.fabtex.com>.
