

IMPORTANT MANUFACTURING SURVEY - Critical Supplies Needed

written by Lauri Moon | March 19, 2020

We received an urgent request from the National Association of Manufacturers (NAM) on behalf of the White House seeking manufacturers that can produce critically needed supplies for the national response to the COVID-19 pandemic. We hope you strongly consider taking this survey or helping to contact your members and/or clients asking them to complete.

Critical supplies include:

- cotton swabs with long wooden sticks
- endotracheal tubes
- falcon tubes
- gloves
- lightweight protective suits
- N95 masks
- over-the-shoe booties
- PAPRs
- rapid PCR test kits
- ventilators
- vital sign monitors
- viral transport media

Please note survey question #5. Even if an organization cannot produce specific items that are requested, that organization may indicate other items they are in position to make available.
