

Pennsylvania Manufacturing Advisory Council Seeks Input From Manufacturers

written by Lauri Moon | March 23, 2022

The Pennsylvania Manufacturing Advisory Council was formed last year as a public-private consortium. Its goal is to provide the Commonwealth's legislative leaders and leading gubernatorial candidates with policy, program and legislative priority recommendations that will enhance the competitiveness of Pennsylvania's nearly 15,000 manufacturing firms and their 585,000 employees. The Council has heard from more than 130 PA-based manufacturers through roundtables, town halls and other venues and **now wants to hear from other manufacturing leaders through their completion of a short survey.**

Manufacturers all across the Commonwealth are being asked to invest 8 minutes of their time to take an online survey that asks their opinions and experience in the areas of workforce, supply chain, technology and the Commonwealth's overall business climate. **Please submit responses by April 8.**
