Manufacturing and Artificial Intelligence: How Computer Vision Drives ROI

written by Lauri Moon | November 26, 2018

Manufacturing enterprises are quickly deploying AI solutions to stay ahead, but how to scale these advances — and where to begin — remain elusive.

This talk, moderated by Levatas' head of Data Science, will walk through how to perform human-in-the-loop analysis of unstructured data such as imagery and video footage, and how it could save businesses time and money.

Join this webinar and learn more about how AI solutions in manufacturing can improve your:

- Production Process
- Decision Making
- ROI

We'll walk through factors to consider, results that other industries are seeing, and the potential of AI for this industry.
