IMC is excited to announce our continued partnership with Core Business Solutions to deliver CMMC webinars to Central PA manufacturers.

The long-awaited CMMC 2.0 is officially here, and key milestones are just around the corner. Here's what you need to know:

- December 16, 2024: 32 CFR rule is live. CMMC Certification is now available from accredited C3PAOs. This allows your customers to be prepared for upcoming contractual requirements in defense contracts.
- Early 2025: 48 CFR is finalized. CMMC requirements will appear in DoD contract solicitations, making compliance non-negotiable.
- 2025-2028: CMMC will phase into all new and renewed contracts.

These changes mean self-attestation is no longer enough. Visit the [IMC Events](#) page to register for each of the CMMC webinars and be sure to mention IMC when asked which MEP you are associated with!
