

Funding for Energy Efficiency Equipment Upgrades

written by Lauri Moon | May 1, 2020

Taking advantage of opportunities to improve efficiency and reduce energy-related costs often requires investment in new equipment, technology, or controls. Identifying funding available to your business and providing estimates of project payback are key components to reaching your goals.

Often, many companies are eligible to apply for funding to assist with improvement efforts. Eligibility of sites and projects, however, should be considered carefully.

This PennTAP webinar will discuss funding opportunities for energy efficiency equipment upgrades for small to mid-sized companies throughout Pennsylvania.
