Internet Resources for Government Contracting

written by admin | December 7, 2015

At this seminar you will learn about federal and state government contracting internet sites and resources.

Sites to be searched:

- Vendor Registrations for State and Federal Contracting
- Federal Procurement Forecasts
- Federal Sites for Bids
- Commonwealth of PA Bid Notification Sites
- And many more!

The training will be held in a computer lab to allow for hands-on training where you can navigate and explore government internet sites.

The seminar is FREE but registration is required.
