Many of our Level One participants wanted to go further in their Lean journey so we developed the Lean Champions program. Level Two is a powerful second step for individuals looking to fortify and lead their organization's Lean efforts. Continuing the theme of a team-based approach to organizational opportunities, participants further

develop their skill sets to lead sustainable change within their organization. The distinct “learn and do” approach is proven to develop Lean leaders that can manage, measure and lead their organization’s Lean transformation.
