

# Using Artificial Intelligence to Support Job Descriptions, Recruiting, and Workforce Planning

written by Lauri Moon | October 25, 2024

## Using Artificial Intelligence to Support Job Descriptions, Recruiting, and Workforce Planning

**(1.5-hour, Virtual)**

This program starts in:

Participants will learn to apply AI-driven strategies to job analysis, talent acquisition, and workforce planning, ensuring more efficient and informed decision-making in their HR practices. The future of human resources is here, and it's powered by AI.

Stay ahead of the curve by discovering how artificial intelligence is transforming HR practices, driving efficiency, and shaping more engaged, satisfied workforces. Don't miss this opportunity to learn from one of the top thought leaders in the field. Register now to unlock the power of AI in HR.

**Register now for only \$99 per person!**

**Register**

**Registration for webinars is per individual and the Zoom link provided is intended for the registered participant only.**

## **Learning Objectives:**

- Gain the skills to streamline job analysis and craft precise job descriptions effortlessly, leveraging AI to save time and reduce manual tasks, allowing you to focus on higher-level HR strategies.
- Discover how AI-powered tools can simplify and supercharge your talent acquisition efforts, making it easier to attract top talent and improve communication with applicants—leaving behind the tedious parts of recruitment.
- Learn to harness AI to predict your organization's staffing needs more accurately and efficiently, enabling you to plan ahead and make proactive, data-backed decisions that simplify workforce management.

## **Course Outline:**

- **Job Analysis and Job Descriptions**
  - What is job analysis?
  - Facts and figures about job analysis, job descriptions, and recruitment
  - Steps in job analysis
  - Applying AI to job analysis and job descriptions
- **Recruiting and Talent Acquisition**

- What is recruitment and talent acquisition?
- Using AI for talent acquisition
- Applying AI to communicating with job applicants
- **Workforce Planning**
  - What is workforce planning?
