

The Pulse of Performance Management 2019: The Evolution of Performance Management

written by Lauri Moon | May 8, 2019

Which vendors received the highest ratings from their customers for budgeting, consolidation, reporting, dashboards and analytics? How is AI reshaping performance management solutions? What is the impact of all the recent investment and acquisition activity in the space?

Now in its 16th year, this annual web event will quickly get you and your team up to speed on the latest in budgeting, planning, forecasting, consolidation, reporting and analytics. This information will enable you to confidently embark on a new performance management project or identify opportunities to enhance an existing one.

Note: this is a cross-industry webcast.

The following information, all new or updated for 2019, will be covered:

- How performance management solutions have become more comprehensive, connected, and collaborative
- The expanding role of Artificial Intelligence in providing better analysis
- The success or failure of solution marketplaces in delivering value
- The relationship between forecast accuracy and forecasting methodology
- The role of spreadsheets in performance management solutions
- Updated 'Best Fit' tags identifying the best vendors for a particular requirement
- The key vendors to consider for your performance management project will be identified and reviewed based on their core and advanced functionality, latest enhancements, market success, and customer satisfaction with a focus on ease of use

BPM Partners will share:

- BPM Partners' core list of performance management vendors for 2019
- The always highly anticipated BPM Pulse 2019 vendor customer satisfaction ratings
- The 2nd Annual BPM Pulse Awards for Top Rated Vendors

Share your opinions and impact the results we present: 2019 BPM Pulse Survey

Apple AirPods 2019 Drawing

2 live webcast attendees will receive Apple AirPods 2019 w/ Charging Case, which works with any Bluetooth phone.

Speaker

Craig Schiff, CEO, BPM Partners

Craig Schiff is CEO of BPM Partners, a vendor-neutral advisory services firm that helps clients address their performance management challenges with a comprehensive, rapid and cost-effective methodology. He was a founding member of Hyperion (which is now part of Oracle), and spent 16 years as SVP of its Products & Services group. More recently he was co-founder and CEO of OutlookSoft (now part of SAP). Mr. Schiff was also a founding member of the BPM Standards Group and is a recipient of the Ernst & Young Entrepreneur of the Year Award. He has spent 30+ years focused on budgeting, forecasting, consolidation, reporting and analytics. He has contributed his expertise to CFO Magazine, American Productivity & Quality Center, Association for Financial Professionals, Institute of Management Accountants, IndustryWeek, TechTarget, Information Management, TDWI and other leading finance and technology focused publications and conferences.

Webinar: Product Lifecycle Trends - Design to Manufacturing Delivery

written by Lauri Moon | May 8, 2019

The time it takes for a product to go from the design phase to the delivery phase is shorter than ever. Based on our research findings, engineers are feeling the pressure to keep up with shorter production times, higher production volumes, and manufacturing demands at a higher efficiency. There are plenty of opportunities for engineers and manufacturers to leverage the latest software innovations to help track production schedules, to identify manufacturability and cost issues at the early stages of the design cycle, and to leverage simulation to help define production problems before they arise.

In this webinar, we will be revealing the key insights gained through a survey of Enterprise companies involved in Discrete Manufacturing, including:

- Changes in design-to-delivery timelines
- Threats to delivery within projected timelines
- Trends in design-to-delivery costs

Speakers

 **Kristin Letourneau, PhD, Director of Market Research, Informa Engage**

With over 25 years of research experience in both corporate and academic settings, Kristin earned a Ph.D. in Social Psychology, with a concentration in Quantitative

Methods, in 2000. She has been with the Informa Engage research team since 1999. Her work has been published in several Informa publications, and the academic journals Group Dynamics and European Journal of Social Psychology. Kristin has been with the Informa Engage research team since 1999.

 **Carlos M. González, Content Director for Machine Design and Hydraulics & Pneumatics**

Carlos M. Gonzalez joined the Design Engineering & Sourcing Group in 2015 as technology editor. He is currently the Director of Content for Machine Design and Hydraulics & Pneumatics. He achieved a B.S. in mechanical engineering at Manhattan College and a M.S. in mechanical engineering at Columbia University. Prior to working for Informa, Carlos worked at Sikorsky Aircraft in their Hydraulics and Mechanical Flight Controls department; working on their S76D commercial and the Navy's CH-53K aircraft programs.

 **Stephanie Feraday, President & CEO, aPriori**

Stephanie Feraday has over twenty years experience in driving high-growth software businesses in corporate and consumer markets. Prior to joining aPriori, Ms. Feraday held executive-level positions at marquis startup and Fortune 500 technology companies including Netegrity, Hewlett-Packard, Symantec, Delrina and Virtusa. She earned a bachelor's degree in applied science from the University of Waterloo and completed graduate studies in business administration at the University of Toronto.
