

Using Artificial Intelligence to Support Job Descriptions, Recruiting, and Workforce Planning

written by Lauri Moon | October 25, 2024

Using Artificial Intelligence to Support Job Descriptions, Recruiting, and Workforce Planning

(1.5-hour, Virtual)

This program starts in:

Participants will learn to apply AI-driven strategies to job analysis, talent acquisition, and workforce planning, ensuring more efficient and informed decision-making in their HR practices. The future of human resources is here, and it's powered by AI.

Stay ahead of the curve by discovering how artificial intelligence is transforming HR practices, driving efficiency, and shaping more engaged, satisfied workforces. Don't miss this opportunity to learn from one of the top thought leaders in the field. Register now to unlock the power of AI in HR.

Register now for only \$99 per person!

Register

Registration for webinars is per individual and the Zoom link provided is intended for the registered participant only.

Learning Objectives:

- Gain the skills to streamline job analysis and craft precise job descriptions effortlessly, leveraging AI to save time and reduce manual tasks, allowing you to focus on higher-level HR strategies.
- Discover how AI-powered tools can simplify and supercharge your talent acquisition efforts, making it easier to attract top talent and improve communication with applicants—leaving behind the tedious parts of recruitment.
- Learn to harness AI to predict your organization's staffing needs more accurately and efficiently, enabling you to plan ahead and make proactive, data-backed decisions that simplify workforce management.

Course Outline:

- **Job Analysis and Job Descriptions**
 - What is job analysis?
 - Facts and figures about job analysis, job descriptions, and recruitment
 - Steps in job analysis
 - Applying AI to job analysis and job descriptions
- **Recruiting and Talent Acquisition**

- What is recruitment and talent acquisition?
- Using AI for talent acquisition
- Applying AI to communicating with job applicants
- **Workforce Planning**
 - What is workforce planning?
 - How can AI support workforce planning?

Who should attend:

Business owners and C-suite leaders, HR professionals at all levels, accounting or other office personnel who often serve as the HR lead, managers and supervisors with hiring responsibilities, and anyone who wants to learn more about navigating current workforce trends.

Register now for only \$99 per person!

Developing a Company Culture to Attract, Develop, Retain Employees

written by Lauri Moon | October 25, 2024

It's in the news everyday - one of the top issues among manufacturers nationally is the difficulty of finding people. A recent New York Times headline read "Manufacturers Increase Efforts to Woo Workers to Rural Areas." U.S. News featured a commentary called "Bridging the Stem Skills Gap Involves Both Education and Industry Commitments".

Everyone knows about this concern, but no one is living it more than the manufacturers themselves.

Join us for this special forum and networking event to support the manufacturing heroes in our region and their efforts to attain, develop and retain employees.

Agenda:

- Work Institute's 2018 Retention Report Highlights
- Generational Diversity as a Competitive Advantage
- Developing Internal Career Pathways and On-Boarding Best Practices
- Assessing Company Culture
- Best Practices for Enhancing Company Culture to Attract, Develop, and Retain Employees
- A Company Story - Penn United
