

Security is EVERYONE'S responsibility

Please join us for a free seminar
offering two areas of interest :

Physical Security and Cyber Security

*What every operating entity should know in order to protect your personnel,
facility and electronic infrastructure.*

Physical Security

Scott Warner: Video Surveillance

JJ Maygar: Gas Well Security

George Giangli: Protective Measures for Business

Cyber Security

Dan Bennett: BYOD Security

Ronald Plesco: NFCTA Cyber Security

PCT Student Paper: Cyber Security

We have assembled speakers who are proven experts in their field who will share with you their experiences, methods and what you need to know to be more effective in providing the necessary security in your respective disciplines.

Registration is Required <http://www.imcpa.com/event/physical-cybersecurity-seminars/>
