

North Central PA Technology Briefing

April 6, 2018

Williamsport, PA

Partner Sponsorship Opportunities

What is the NCPA Technology Forum?

An annual event bringing together Technology professionals from manufacturing, business and community organizations to learn from industry experts on the latest trends, resources, tools in the technology industry.

This year's event will focus on cyber security and our speakers will be Stephen Deming, Microsoft; Jason McNown, Stronghold Cyber Security and Zane Patalive, Real IT Care. For additional information, visit <http://imcpa.com/event/ncpa/>.
